EXAMPLE – Exterior Photographs (Before & After Retrofit)

Photos must:
• be digital and clearly show front, back and sides
• **show corners** connecting side and back or side and front
• show from roof to ground and adjust, if possible, around bushes, trees, etc. to show as much of house as possible
• be date stamped

Photos must be uploaded to Dashboard, as follows:
• View 1: front
• View 2: front of house, left side
• View 3: back of house, right side
• View 4: back of house, left side
• View 5: front of house, right side
